

Students**Attendance****Student Exchange Program**

The Board recognizes the educational value of appropriately sponsored and properly managed student exchange programs such as the American Field Services (AFS) and the Rotary International Program.

A positive educational benefit accrues to the Watertown Unified School District both in its hosting of visiting foreign exchange students, and also in having its resident students take advantage of study opportunities around the world.

Non-resident tuition shall be waived for foreign students who are participating in bona fide, reciprocal student exchange programs approved by the Board.
