

Instruction**District Safety Program****Safety Program**

The Board of Education is committed to providing a safe and healthful environment for students, staff, and visitors. The primary purpose is to prevent accident, injury or harm to any person, interruption of the education process or damage to facilities or equipment.

The Superintendent or designee shall coordinate and maintain a comprehensive crisis and safety plan that brings the District into compliance and beyond, when appropriate, with all safety requirements established by state law, municipal codes and Board policies. This plan will be supported, reviewed, and maintained by the WUSD Crisis and Safety Plan Committee.
