

Business and Non-Instructional Operations**Income****Revenues From Local Tax Sources**

The administration of the property tax levied by the District for operation and maintenance, and the required county-wide and state-wide taxes levied for public school purposes shall be governed by the school finance laws under the constraints of the state statutes. The Board and administrative staff shall be responsible for implementing the law in all details.

The Board shall request of each municipality, a proportionate share of local taxes collected on behalf of the Watertown Unified School District, with payments to the District to be made periodically.

All taxes due the District shall be paid before June 30th of each year.
