

**New Construction****Planning****Evaluating Existing Buildings**

All existing school facilities will be evaluated periodically by the Board of Education or their designated committee and the Administrative staff for their spatial, thermal, visual, sonic, and aesthetic requirements in terms of the desired educational programming.

In addition to the inspections provided by other District personnel, planning for major rehabilitation and remodeling will be incorporated into the school facilities long-range maintenance plan.

**Policy Approved:                    September 23, 1987**

**Policy Revised:                    November 28, 2016**
